Once upon a time, there was a group of happy shapes and colours that played together and had fun having adventures. If you look carefully about, you can find them wiggling around.

“It’s yellow”, said the monkey.

“It’s a circle”, said the hare.

“It’s round”, said the lion.

“It’s big”, said the ant.

“It’s small”, said the elephant.

“Oh... It’s just perfect!”, said
them all.
